Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

27 October 14, 2014

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

**ACCEPT A GRANT AWARD FROM THE UNITED STATES DEPARTMENT OF
JUSTICE, NATIONAL INSTITUTE OF JUSTICE FOR FISCAL YEAR 2014
DNA CAPACITY ENHANCEMENT AND BACKLOG REDUCTION PROGRAM
(ALL DISTRICTS) (3 VOTES)**

SUBJECT

Request Board approval authorizing the Sheriff of Los Angeles County (County) to accept and execute a grant award in the amount of \$1,547,971 from the United States Department of Justice (DOJ), Office of Justice Programs (OJP), National Institute of Justice (NIJ) for Fiscal Year (FY) 2014 DNA Capacity Enhancement and Backlog Reduction Program (DNA Program).

IT IS RECOMMENDED THAT THE BOARD:

1. Approve and authorize the Sheriff, as an agent for the County, to accept and execute the attached Grant Award Agreement Number 2014-DN-BX-0020 (Agreement) with NIJ in the amount of \$1,547,971 with no match requirement to fund the Los Angeles County Sheriff's Department's (Department) Scientific Services Bureau's Crime Lab for the grant period from October 1, 2014, through September 30, 2016.
2. Delegate authority to the Sheriff, or his designee, to execute and submit all required grant documents, including but not limited to, agreements, modifications, extensions, and payment requests that may be necessary for completion of the DNA Program.
3. Delegate authority to the Sheriff, as an agent for the County, to apply and submit a grant application to NIJ for the DNA Program in future fiscal years and to execute all required grant application documents, including assurances and certifications, when and if such future funding becomes available.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The objectives of the DNA Program are to reduce the number of forensic cases awaiting DNA analysis in the Department's backlog, to assist outside police agencies with improving their DNA analysis capacity, and to improve the Department's DNA analysis capacity through equipment and supply purchases. To successfully achieve the objectives of this DNA Program, the Department will use the funds to reduce and prevent casework backlog through analyst overtime, to increase capacity of the biology section by purchasing equipment, and to provide required continuing education to the analysts.

Funds in the amount of \$1,547,971 will be used for Salaries and Employee Benefits (\$283,710 - overtime only for Senior Criminalists and Supervising Criminalists), Services and Supplies (\$637,366 - forensic casework supply items, training, registration fees, and travel expenses), and Capital Assets (\$626,895 – forensic equipment and a carousel file storage system).

Implementation of Strategic Plan Goals

The program is consistent with the County's Strategic Plan, Goal 1, Operational Effectiveness/Fiscal Sustainability, by maximizing the effectiveness of process, structure, and operations to support timely delivery of customer-oriented and efficient public services; and Goal 3, Integrated Services Delivery, by maximizing the opportunities to measurably improve client and community outcomes and leverage resources through the continuous integration of health, community, and public safety services.

FISCAL IMPACT/FINANCING

This will be the 11th year of funding for the DNA Program. The total project cost is \$1,547,971 with no match requirement.

Funding for the DNA Program has been included in the Department's FY 2014-15 Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On May 28, 2014, the Department submitted an application in response to NIJ's FY 2014 DNA Program grant solicitation. Upon review of the Department's application, NIJ selected the Department to be a grant recipient of \$1,547,971 with no match requirement.

The Agreement will be in effect for 24 months from October 1, 2014, through September 30, 2016.

County Counsel has approved the attached Agreement as to form.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The DNA Program may create workload increases for the County's justice departments as suspects are identified from offender databases and subsequently charged with a crime. The Department has made contact with each of the County's justice departments. The DNA Program will have a minimal impact on the District Attorney's Office services, which can be managed with existing resources. The Public Defender's office indicated the DNA Program will impact their service level, which would

require additional positions. The Alternate Public Defender's office indicated the DNA Program will impact their services with an increase in workload, but believes it can be managed with existing resources.

This grant will have a positive impact on current services by improving the capacity to analyze DNA.

CONCLUSION

Upon Board approval, please return two individually adopted copies of this Board letter to the Department's Grants Unit.

Sincerely,

A handwritten signature in black ink, appearing to read "John L. Scott". The signature is written in a cursive, flowing style with a large initial "J" and "S".

SPECIAL CONDITIONS

15. Privacy; quality assurance; CODIS/NDIS

The recipient shall ensure that each DNA analysis conducted and DNA profile generated under this award is maintained pursuant to all applicable Federal privacy requirements, including those described in 42 U.S.C. section 14132(b)(3).

The recipient shall ensure that all forensic DNA analyses conducted with funding under this award are performed either (1) by accredited government-owned laboratories, or (2) through accredited fee-for-service vendors. Accreditation must be by a nonprofit professional association of persons actively involved in forensic science that is nationally recognized within the forensic science community.

The recipient shall ensure that any laboratory that conducts forensic DNA analyses under this award undergoes external audits, not less than once every two years, that demonstrate compliance with the Quality Assurance Standards for Forensic DNA Testing Laboratories established by the Director of the Federal Bureau of Investigation.

The recipient shall ensure that all eligible forensic DNA profiles obtained with funding under this award will be entered into the Combined DNA Index System (CODIS), and, where applicable, uploaded to the National DNA Index System (NDIS). No profiles generated with funding from this award may be entered into any non-governmental database without prior express written approval from NIJ.

If any government-owned forensic laboratory that will receive funding under this award to conduct forensic DNA analyses is not a member of NDIS, the laboratory must have a written agreement in place with an NDIS-participating laboratory for the resulting eligible forensic DNA profiles to be entered into CODIS, and, where applicable, uploaded into NDIS.

If the recipient operates a state-designated DNA database laboratory, the recipient shall ensure that analyses of DNA database samples and reviews of associated DNA profiles conducted with funding under this award are performed by a laboratory that (1) is accredited by a nonprofit professional association of persons actively involved in forensic science that is nationally recognized within the forensic science community; and (2) undergoes external audits, not less than once every two years, that demonstrate compliance with the requirements of the Quality Assurance Standards for DNA Databasing Laboratories established by the Director of the Federal Bureau of Investigation. The recipient shall ensure that any DNA database samples analyzed with funding under this award are analyzed for all 13 CODIS core STR loci, using commercially available PCR kits accepted by NDIS. The recipient shall also ensure that all profiles obtained from DNA database samples with funding from this award are entered into CODIS within 90 days of completion of analysis, and uploaded into NDIS.

The recipient agrees to notify NIJ promptly upon any change in the accreditation status of any of the forensic science laboratories that receive funding under this award, or their participation in NDIS.

16. No research; nonsupplanting of State or local government funds

The recipient shall ensure that none of the funds provided under this award are used for research or statistical projects or activities as defined by 28 CFR Part 22 or for research as defined by 28 CFR Part 46. Any questions concerning this provision should be directed to the NIJ Program Manager for the award.

The recipient shall ensure that Federal funds made available through this award will not supplant State or local government funds, but instead will be used to increase the amount of funds that would, in the absence of Federal funds, be available from State or local government sources for activities funded through this award.

The recipient agrees to notify NIJ promptly if the recipient receives new State or local government funding for any of the purposes included in the approved application for this award.

17. The recipient agrees to notify NIJ promptly upon any significant reduction in the recipient's estimate of the number of backlogged forensic DNA cases that will be analyzed within twenty-four months using the funds provided under this fiscal year 2014 award, above and beyond those that will be analyzed using funds from other sources.

If applicable, the recipient agrees to notify NIJ promptly upon any significant reduction in the recipient's estimate of the number of DNA database samples that will be analyzed, or associated DNA profiles reviewed, within twenty-four months using the funds provided under this fiscal year 2014 award, above and beyond those that can be analyzed or reviewed using funds from other sources.

18. The recipient understands and agrees that gross income (revenues) from fees charged for DNA testing services constitutes program income (in whole or in part), and that program income must be determined, used, and documented in accordance with the provisions of 28 C.F.R. 66.25, including as applied to the NIJ DNA Capacity Enhancement and Backlog Reduction Program by the Office of Justice Programs (OJP) Financial Guide, as it may be revised from time to time. The recipient further understands and agrees that both program income earned during the award period and expenditures of such program income must be reported on the quarterly and final Federal Financial Reports (SF 425) and are subject to audit.

The recipient understands and agrees that program income earned during the award period only may be expended only for permissible uses of funds specifically identified in the solicitation for the NIJ FY 2014 DNA Capacity Enhancement and Backlog Reduction Program. The recipient further understands and agrees that program income earned during the award period may not be used to supplant State or local government funds, but instead may be used only to increase the amount of funds that would, in the absence of Federal funds or program income, be available from State or local government sources for the permissible uses of funds listed in the FY 2014 program solicitation.

The recipient understands and agrees that program income that is earned during the final ninety (90) days of the award period may, if appropriate, be obligated (as well as expended) for permissible uses during the ninety-day (90-day) period following the end of the award period. Notice must be provided in writing to the NIJ program manager for the award within ten (10) business days of implementation of the change.
20. Absent prior express written approval from NIJ, rates for any lodging charged to the award may not exceed the posted GSA rate for the location. (If the recipient opts to obtain lodging at a higher rate, the cost differential, including associated taxes, may not be charged to the award.)
21. The recipient shall submit semiannual progress reports. Progress reports shall be submitted within 30 days after the end of the reporting periods, which are June 30 and December 31, for the life of the award. These reports will be submitted to the Office of Justice Programs, on-line through the Internet at <https://grants.ojp.usdoj.gov/>.
22. The recipient agrees that it will submit quarterly financial status reports to OJP on-line (at <https://grants.ojp.usdoj.gov/>) using the SF 425 Federal Financial Report form (available for viewing at www.whitehouse.gov/omb/grants/standard_forms/ff_report.pdf), not later than 30 days after the end of each calendar quarter. The recipient acknowledges that OJP has the right to (1) obtain, reproduce, publish, or otherwise use the data first produced under an award or subaward; and (2) authorize others to receive, reproduce, publish, or otherwise use such data for Federal purposes. "Data" includes data as defined in Federal Acquisition Regulation (FAR) provision 52.227-14 (Rights in Data - General).

It is the responsibility of the recipient (and of each subrecipient, if applicable) to ensure that this condition is included in any subaward under this award.

The recipient has the responsibility to obtain from subrecipients, contractors, and subcontractors (if any) all rights and data necessary to fulfill the recipient's obligations to the Government under this award. If a proposed subrecipient, contractor, or subcontractor refuses to accept terms affording the Government such rights, the recipient shall promptly bring such refusal to the attention of the OJP program manager for the award and not proceed with the agreement in question without further authorization from the OJP program office.

32. The Project Director and key program personnel designated in the application shall be replaced only for compelling reasons. Successors to key personnel must be approved, and such approval is contingent upon submission of appropriate information, including, but not limited to, a resume. OJP will not unreasonably withhold approval. Changes in other program personnel require only notification to OJP and submission of resumes, unless otherwise designated in the award document.
33. The recipient agrees to comply with all Federal, State, and local environmental laws and regulations applicable to the development and implementation of the activities to be funded under this award.

Environmental Assessment (EA): The activities the recipient has proposed to conduct under this award fall within the scope of an NIJ Programmatic EA that complies with the National Environmental Policy Act (NEPA). These activities have been determined not to have a significant impact on the quality of the human environment.

Modifications: Throughout the term of this award, the recipient agrees that for any activity that is the subject of a completed EA, it will inform NIJ of-- (1) any change(s) that it is considering making to the previously assessed activity that may be relevant to environmental impact; or (2) any proposed new activities or changed circumstances that may require assessment as to environmental impact, such as new activities that involve the use of chemicals or involve construction or major renovation. The recipient will not implement a proposed change or new activity until NIJ, with the assistance of the recipient, has determined whether the proposed change or new activity (or changed circumstances) will require additional review under NEPA. Approval for implementation will not be unreasonably withheld as long as any requested modification(s) is consistent with eligible program purposes and found acceptable under an NIJ-conducted environmental impact review process.

AWARD DATE 09/12/2014

SPECIAL CONDITIONS

34. The recipient agrees to comply with all Federal, State, and local environmental laws and regulations applicable to the development and implementation of the activities to be funded under this award.

Environmental Assessment (EA): The recipient agrees and understands that funded activities (whether conducted by the recipient or subrecipients or contractors) may require the preparation of an EA as defined by the Council on Environmental Quality's Regulations for implementing the Procedural Provisions of the National Environmental Policy Act (NEPA), found at 40 CFR Part 1500. An EA is a concise public document that briefly provides sufficient analysis for determining whether to prepare an environmental impact statement (EIS) or a finding of no significant impact for the proposed activity. If in completing an EA for a proposed activity, potential adverse environmental impacts are identified, the EA will serve as a vehicle for developing either alternative approaches or mitigation measures for avoiding or reducing the identified adverse environmental impacts.

Modifications: Throughout the term of this award, the recipient agrees that for any activity that is the subject of a completed EA, it will inform NIJ of-- (1) any change(s) that it is considering making to the previously assessed activity that may be relevant to environmental impact; or (2) any proposed new activities or changed circumstances that may require assessment as to environmental impact, such as new activities that involve the use of chemicals or involve construction or major renovation. The recipient will not implement a proposed change or new activity until NIJ, with the assistance of the recipient, has determined whether the proposed change or activity (or changed circumstances) will require additional review under NEPA. Approval for implementation will not be unreasonably withheld as long as any requested modification(s) is consistent with eligible program purposes and found acceptable under an NIJ-conducted environmental impact review process.

35. The recipient agrees to comply with applicable requirements to report first-tier subawards of \$25,000 or more and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients of award funds. Such data will be submitted to the FFATA Subaward Reporting System (FSRS). The details of recipient obligations, which derive from the Federal Funding Accountability and Transparency Act of 2006 (FFATA), are posted on the Office of Justice Programs web site at <http://www.ojp.gov/funding/ffata.htm> (Award condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here. This condition, and its reporting requirement, does not apply to grant awards made to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

36. With respect to this award, federal funds may not be used to pay cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. (An award recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds.)

This limitation on compensation rates allowable under this award may be waived on an individual basis at the discretion of the OJP official indicated in the program announcement under which this award is made.

37. The recipient may not obligate, expend, or draw down any funds under this award until a revised budget reflecting the final award amount has been received and approved by the National Institute of Justice, and a Grant Adjustment Notice (GAN) has been issued removing this condition.

These improvements are critical to preventing future DNA backlogs and to helping the criminal justice system use the full potential of DNA technology. Eligible States and units of local government may request funds to increase the capacity of their existing crime laboratories that conduct DNA analysis in order to analyze DNA samples more efficiently and cost effectively. Eligible applicants also may request funds to handle, screen, and analyze backlogged forensic DNA casework samples. State-designated DNA Database laboratories may also use supplemental funding available under this solicitation to build the capacity of their laboratory to process more database samples or to reduce the number of backlogged database samples. nca/ncf
